Rotary Club Minstrel Show Set for Dec. 3-4

The rugged lumberjacks include "Spike" McIsaac, "Cross-cut" Nunn, "Axe" Naur, "Moose" Branch, "Bull" Thomson, "Slim" Hull, "Stix" Thompson and "Cookie" Lange.

A fictitious Saturday night on the town will see the "Roustabout" Chorus singing the rousing songs of the period. At any rate, they will be singing songs of some period, according to show director Howard Taylor.

The rousing musical accompaniment and Dixieland solos will be played by the Treetopper Sextet, alias the Original AuSable Dixieland Band.

The lumberjacks and their helpers will tell the tale at the Grayling High School, Joseph Stripe Auditorium beginning each night at 8 p.m.

Tickets are available from any of the Grayling Rotary Lumberjacks.

Large Number of Hunters Hit County

With reports of the largest deer herd this century luring hunters to the woods, several Crawford County businesses said last Sunday was the busiest Opening Day in the past few years.

The Grayling Redcoat Roundup Buck Pole also received plenty of action Opening Day and the next day as 14 out of 276 registered hunters brought in deer. Approximately 25 other hunters - not registered for Buck Pole prizes - brought in deer to be weighed at the buck pole located in the Grayling City Park.

Jackie Helsel, of Grayling, brought in the first buck to the pole on Opening Day. She won \$30 total for being the first woman hunter to bring in a deer and one of the first ten hunters to fill the buck pole. Her buck weighed 115 pounds and had a 4-point rack.

John Peterson, of Port Huron, won prizes for the largest rack and heaviest deer for a 157-pound 9-point. He brought his deer in at 5:45 p.m. Monday just before the Buck Pole closed.

Francis Montgomery, of Grayling, had the heaviest deer for most of Sunday and Monday with his 130-pound spikehorn. Fred Armstrong, of Grayling, had the largest rack with an 8-point 115-pound buck until Peterson brought in his huge buck.

Jason Rasmusson, 17, of Grayling, was in the running for the youngest hunter prize with a 5-point 110-pound deer until a 16-year-old Port Huron hunter brought in a 3-point buck.

Montgomery, Armstrong, and Rasmusson all won prizes for being one of the first ten hunters to bring in a deer. Other local hunters in the first ten included Lloyd Crawford, of Grayling, with a 120-pound 6-point and Linda Randle, of Grayling, with a 125-pound 3-point.

Don Doyle, of Grayling, brought in the 11th deer to the pole, a 5-point 125-pound buck.

Grayling Regional Chamber of Commerce officials and other area businessmen operating the Buck Pole estimated about 3000 hunters tried their luck in Crawford County woods on Opening Day. Several businesses in the county reported it was the busiest Opening Day in the last couple of years.

Skip's Sport Shop of Grayling reported the best deer hunting season business they've had in a long time. Skip Madsen said business with hunters was heavy all day and night Saturday, the day before Opening Day.

Larry and Joan's Place, on M-72 East, said they were extremely busy Saturday, Sunday, and Monday. They said they were having the busiest hunting season in four years and

5 or 7 County Commissioners?

Reapportionment Commission Will Decide by Nov. 30

By Jon Thompson

Five or seven county commissioners - that's the question awaiting a five-member Crawford County Reapportionment Commission.

By November 30, the commission has to decide the number of county commissioners and the areas they'll represent for the next ten years. The reapportionment is occurring nationwide as counties redraw district lines to reflect population figures recorded in the 1980 census.

The Crawford County commission is considering two plans for reapportionment.

One plan - calling for five commissioners - groups Beaver Creek and South

Branch Townships as district one, the City of Grayling as district two, Frederic, Maple Forest, and Lovells Townships as district three, and splits Grayling Township into districts four and five. District one would have about 1840 persons, district two 1890, district three 1810, and districts four and five 1960 each.

The seven commissioner plan splits townships and divides the city - Grayling Township, for example, would be part of four districts - but gives each district almost equal representation. District seven with the most persons would number 1365 persons while district three would have the least number of persons with 1332 - a difference of only 33 persons. The five-commissioner plan has a difference of about 145 persons from the least populated district to the heaviest populated district.

Commission member Alton Davis, representing the Democratic party, said he liked the five-member plan because it observed current political lines which would help streamline elections. He also said the five-member plan would be an efficient operation and people would understand who represented them. Davis, who submitted the five-member plan originally drawn up by Grayling City Manager Jerry Morford, also said the five-member plan would be an efficient operation and people would understand who represented them.

Commission member Joe Wakeley, Crawford County Treasurer, supported the seven-member plan submitted by Art Thayer, Republican. See Commission on Page 12

New Dialing For Gen-Tel Customers

Beginning 12:01 a.m., Friday, Nov. 20, General Telephone's Higgins Lake, Roscommon and Vanderbilt exchange customers can use "1+" (one plus), a new long-distance dialing convenience, according to Bob Kowalski, Northern division manager for General Telephone.

The "1+" service lets customers dial "1" instead of "120" when direct dialing

station-to-station, long-distance calls, Kowalski said.

Dialing instructions are included in the new telephone directory now being distributed to customers, Kowalski said.

These dialing conveniences are a result of the recently completed switching equipment additions in the Higgins Lake, Roscommon and Vanderbilt central offices designed to process long-distance calls faster and more precisely.

Rochette's Party Store, of Grayling, reported more hunters this year than last year and said that they were very busy Saturday night.

Down River Grocery, on M-72 West, reported Saturday was busier than Opening Day. They speculated the warm weather kept the hunters out in the woods Sunday.

Caid's Grocery in Lovells reported a lot of hunters in the Lovells area. They said it was a busy Friday as well as a busy weekend.

Discontinue Time Service

Time service for General Telephone customers in Gaylord, Grayling, Higgins Lake, Houghton Lake, Prudenville, Roscommon and Vanderbilt will no longer be in operation as of November 20, according to Bob Kowalski, the company's division manager.

"Since the equipment that makes time service possible is too costly to maintain, we are discontinuing the service in these communities. Within the next 12 months, time service will be discontinued throughout our statewide operating area for essentially the same reasons," he said.

The decision to discontinue time service statewide was made in light of the company's cost-cutting program aimed at reducing expenses, Kowalski explained.

Another problem is that customers place a tremendous number of calls to time service at such times as electrical and snow storms, which sometimes ties up switching equipment and makes it difficult for emergency calls to go through, Kowalski said.

New Alliance Answer Line

The New Alliance for Education is based on a philosophy that one-to-one communication about school system facts and community needs can combine to promote quality schools and a growing, prosperous community. To help reach this goal, the "Answer Line" will research your questions and provide accurate, complete answers. If you would like a question answered in next week's column, send it to "Answer Line", Rt. 1, Box 2348, Grayling, or leave it at the Avalanche Office. We received the following questions to be answered this week:

1. Will we lose our high school accreditation if the millage falls? What happens if we do?

According to Kent Reynolds, Grayling High School principal, accreditation is a guideline and certifies a school as providing a quality education. Areas in which Grayling High School currently violates its accreditation are: insufficient clerical help, no vocational education (the program through Kirtland Community College has been eliminated), no art, music or home economics, insufficient career, business education and industrial arts classes, lack of variety of extra curricular activities (plays, year book, etc.), elimination of alternative education program (G.O.A.L.), no library, only one counselor. Following an accreditation visitation by the University of Michigan, our accrediting agency, within the next two weeks, Reynolds expects the high school to be placed on probation. Loss of accreditation will not jeopardize Grayling High School students' college admission, but will make competition for admission more difficult for the average senior. Exceptional A.C.T. scores and grades can compensate for graduation from a non-accredited school, but those with average grades and test scores will find admission to colleges and universities more difficult.

2. If the millage passes, will Frederic Elementary School have split classes?

Yes, Frederic Elementary and possibly Grayling Elementary will have split classes. At Frederic Elementary, there will be a 3/4 and 4/5 grade split. Pat Nunn, Grayling Elementary Principal, says teacher assignments at Grayling Elementary haven't been re-evaluated yet so it isn't certain which classes would be split there. Both schools had split classes last year.

A project for 81-82 school year, should Frederic Elementary reopen, shows 161 students with five full time and a half-time kindergarten teaching position. Projected class sizes are: kindergarten, 29; 1st-18; 2nd-20; 3rd/4th-30; 4th/5th-30; 6th-34. Current class sizes at Grayling Elementary vary from 31-39.

3. Your group has held meetings at the Middle School; is this on a rental basis? Has the school let you use mimeograph machines and/or supplied any material for these meetings?

The New Alliance uses the Middle School on a rental basis. According to the Crawford-Ausable Schools' building use policy, we are considered a Class III organization: A group, sponsored by the community or a church, holding a meeting for its members. As such, we pay a rental fee, custodial wages & use of lights for the time we meet. We use the Crawford-Ausable Schools' Xerox machine and paper and pay the public use fee of 10 cents per copy. The Crawford-Ausable Schools have not donated any materials to our campaign.

Girls Face Roscommon in BB Tournament

The Grayling varsity basketball squad will face a top-notch Roscommon team Thursday, November 19, at 7 p.m. in the opening round of the 1981 district tournament.

Grayling, with a season record of 3-15, will try to upset the 17-3 Bucks. Back on September 23 Grayling handed Roscommon one of their three losses by a score of 37-35. That game was played in the Viking's gym. Thursday's state tournament game will be played at Roscommon's gym. In the second game of the season, Roscommon beat Grayling 45-29 in the Roscommon gym.

Coach Marilee Cheney said her players are looking forward to playing Roscommon again. "It's a whole new season in tournaments," she said. "Season records don't mean anything. All that matters is who's hot that night."

Grayling is looking ahead to better times in tournament play after being picked on in the tough Michigan Huron Shores Conference. The Vikings played all their league opponents tough defensively but failed to put together a good offense for the entire game. Grayling's speed and quickness overcomes their opponents height on defense but not on offense.

Grayling ended its regular season with two losses to St. Ignace and Rogers City. Against St. Ignace, Grayling lost 50-24 connecting on only 12 out of 41 shots from the floor. Against Rogers City, the green and white shot 78 times and only hit on 14 shots to lose 43-32.

Heidi Bendig was high scorer against Rogers City with 10 points, Dianne Lee had 8, and Jean Stevens had 6 points and 10 rebounds.

The Grayling J.V. squad finished their season at 16-2 with wins over St. Ignace and Rogers City. Against the Saints, everybody played, and against Rogers City, Kris Laudenslager had 17 points and Karen Reynolds had 15.

Concerned Citizens of
Crawford County
Attn: Mr. Sajdak

I feel that it is important that this matter be brought up; not to imply that you are wrong or not to criticize your judgement, only to suggest that in your concern you have overlooked the obvious, as we all sometimes do when we are confronted with what we perceive as a crisis.

In your statements for an article in the Crawford County Avalanche you said in effect that you and the organization for which you are the spokesman are concerned about the overcrowded buses. In line with my prior letter re: Concerns, I am too.

You suggested that only your group was attempting to do something about this by contacting elected officials to explore or enact legislation to correct this situation.

I submit that prior to your voter mandated reduction in funds, we weren't having a transportation problem.

I further submit that if your efforts to secure legislation are successful, the costs to Crawford County and every other school district in Michigan, in order to comply with the law, will increase drastically.

I may be wrong; but I thought your (our) objective was to economize.

TAX FREE

You can earn up to \$1,000 in interest on a single tax return and \$2,000 on a joint return and pay no income tax on that interest income. This interest income applies to both Federal and State income tax. It is a one time only exclusion. Any interest earned above these amounts is taxable regardless of which year or years you take the exemption or the number of certificates you have.

GUARANTEED RETURN

Unlike money market funds, with an All Savers your rate is guaranteed for the full 12 months of the certificate.

Grayling, Michigan—Thursday, Nov. 19, 1981

From Our Corner ...

Deer hunting season at our house doesn't mean orange clothes brought out of the closet and 5:00 o'clock breakfasts in order to be in the woods by daylight...it means something entirely different...it is the weekend of the year that we have our grandchildren staying with us, this year they were accompanied by mom, while their dad is at the hunting camp...we used to call it babysitting, but no more, T.J. is a big second grader and her sister Stef is attending Day Care preparing for kindergarten next year...oh yes, we almost forgot that we had the girls' black Lab with us, she takes up most of our living room when you can get her to lay down...

Opening day of deer hunting here was abnormal for this time of year, there is no snow and the temperature was in the 60's under a bright sun...there was quite a bit of activities at the buck pole, but the hunters were bringing in their kill but did not leave them very long due to the temperature...

From the Las Vegas Sun...You know you're in trouble when...the doctor tells you you're sound as a dollar...

We're not complaining mind you...and we can stand these kind of days we're having for the past couple week's...our only thought is...how much are we going to pay for this when the white stuff decides to come...maybe this is just our October in reverse...

The Avalanche for Thanksgiving week will be published on Tuesday instead of Wednesday in order that our subscribers will receive their paper before Thanksgiving...in order to do that we ask our advertisers and any one with news copy to have it in our office at least by Friday noon of this week...your help will be greatly appreciated...

An article in the Bay City Times carrying a (UPI) byline was headed "Report Khomeini may quit"...now the world could ask for nothing nicer for that to happen...our problem is that we have just gotten used to pronouncing his name let alone how to spell it...the article was taken from the London Sunday Times, and the Times quoted sources close to Khomeini as saying they believe he plans to hand over his post as Iran's spiritual leader to Ayatollah Hossein Ali Montazeri...now we will have to start all over in learning how to pronounce and spell the new leaders name if and when it takes effect...the blood that has been spilled since Khomeini took over Iran is untold...and he is supposedly a spiritual leader...we think it is about time the 81 year old Ayatollah stepped down, possibly the new leader will have more compassion for the people he rules and those of other countries...

We're going to close this turkey for tonight...if everything works out alright we plan on having the other variety next Thursday in Traverse City and help T.J. celebrate her 8th birthday...so, goodnight T.J., Stef and Amber...and to all our readers have a nice weekend...

The Bible Speaks

From Calvary Baptist Church

No Accidents For A Christian

"O give thanks unto the Lord: call upon his name: make known his deeds among the people." Psalm 105:1. "Praise ye the Lord, O give thanks unto the Lord; for he is good: for his mercy endureth forever." Psalm 106:1.

Most of you know that our youngest son was recently involved in a near fatal auto/motorcycle wreck. Even as you read this column he will be again listed in critical condition following his third surgery.

It is one thing to read God's Word. It is another thing to hide God's word in your heart by memory. It is still another thing to experience the reality of God's word in your daily life. The verse that Donna and I depend on most is 1 Thess. 5:18. "In everything give thanks: for this is the will of God in Christ Jesus concerning you." There are no accidents in the life of a Christian. We are to thank God for everything which comes into our life. We can stand upon the promise of Romans 8:28, "And we know that all things work together for good to them that love God, to them who are the called according to his purpose."

"Blessed be the Lord, that hath given rest unto his people Israel, according to all that he promised: there hath not failed one word of all his good promise." 1 Kings 8:56. Only God's precious promises can bring peace and rest to those who face the possibility of death in the family. Even with 7

broken bones from head to foot Kevin remained conscious from the moment of impact. His first words were heard as he prayed to God for help. God answered his prayer and gave him complete peace and calm. We worship a sovereign God who is too wise to make a mistake, and too good to be unkind. We are tempted to look at pain and suffering as bad, but God often uses it for our good and His glory.

"I exhort therefore, that, first of all, supplications, prayers, intercessions, and giving of thanks, be made for all men." 1 Tim. 2:1. We thank God for you who have held us up in prayer. We thank each one of you for your prayers and concern for our family during this experience. (adv.)

Chris Clover's Corner

By Sue Louchart

Hi! I'm Chris Clover here with the news from the Crawford County 4-H Clubs.

The Performing Arts Club under the direction of Barbie Brooks is sure dancing and singing up a storm at the Methodist Church every other Tuesday evening. They are practicing hard for their part in the Xmas programs coming up in December. More members are always welcome to join them.

A four county Performing Arts Program will be underway soon for 12 year olds and up. Contact the Office or Mrs. Brooks if you are interested.

A new club for crafty kids to join is the Arts & Crafts Club. This club is for boys and girls ages 6 to 12 who like to work with crafts. Pat Sloan is the leader and has many ideas for gifts for the family and things for yourself.

If you are not the crafty type but like to clown around the Clown Club is for you. Learn about clown makeup, clown etiquette, skits and props. Join now.

4-H is for everyone and this is for the Moms. Homemakers now is the time to begin a homemaking group with your friends. Discuss children, family, learn to cope with stress, make craft items, learn to knit or sew, learn about the best food buys or receive help on family budgeting - interests are open to your group. If you would like to start a group call Gail Edwards, Extension Home Economist at the Extension Office.

Many 4-H members were not able to attend the banquet and did not receive their membership pins if you are one of those, please call the Office and let Ann know.

A reminder that the Court-house has a switchboard now. To call the 4-H Office, call 348-2841 and ask for the Co-operative Extension Service.

A 4-H Holiday Recreational Invitation for older teens will be held at the Kettunen Center December 27 thru 29. Cost is only \$9.00. Meet teens from all over Michigan who enjoy cross country skiing, snow

shoeing, games, dancing, singing, and a midnite hike. You must register by December 12th at the 4-H Office.

With Thanksgiving around the corner I stop to think about all the things the Crawford County 4-H Program has to be thankful for. We are growing by leaps and bounds with new leaders forming new clubs to involve more of the youth. This community has been very supportive of the club members with their projects. We in the program can not thank the community enough for helping us help the youth live the 4-H Motto: Make the Best - Better.

4-H Leader Dog Club Bake Sale, Saturday, Nov. 21st at Glen's Market from 10 to 2. All proceeds will go to pay expenses for the trip down to Rochester Dec. 5 with their dogs.

If anyone would like to join one or more of the many clubs or start a new one call the 4-H Office at 348-2841 and let Ann know. See you next week with more news about the clubs and what's new in 4-H. See you!

Completes Naval Training

Navy Seaman Recruit James A. Dannenberg II, son of Linda L. and James A. Dannenberg Sr. of Grayling, has completed recruit training at the Naval Training Center, Great Lakes, Ill.

During the eight-week training cycle, trainees studied general military subjects designed to prepare them for further academic and on-the-job training in one of the Navy's 85 basic occupational fields.

Included in their studies were seamanship, close order drill, Naval history and first aid. Personnel who complete this course of instruction are eligible for three hours of college credit in Physical Education and Hygiene.

A 1981 graduate of Grayling High School, he joined the Navy in January 1981.

Students Draw For Dinner

If you walked into a classroom at the elementary school this week, you might find these young students drawing pictures, an activity which has been very limited with this years budget cuts and fewer supplies. But the pictures they are making they hope will help to change things in their future - for they are drawing for C.A.R.E. (Concerned About Real Education), hoping that their posters, which you will soon see around town, will encourage you to attend their Swiss Steak dinner, to be held Monday, December 7th from 4:30-8:00 at the Holiday Inn.

Tax-deductible tickets are \$5.00 for adults, \$3.00 for ages 6-12 and free for 5 and under and available from Mac's Drugs, Down River True Value, Holiday Inn, Crawford County Library, the High School, Middle and Elementary School and from any Booster Club member.

Guest of the Robert Chapels on the Mainstream for hunting season are Paul Parks of Redford and his son, Eric of South Lyons.

Bob and Susan McCurdy are happy over the arrival of Brian Robert, who was born on Nov. 1, 1981, at Grayling Mercy Hospital. He weighed 8 lbs. 7 1/2 ozs. Grandparents are Mr. and Mrs. James Bourrie of Grayling and Mr. and Mrs. Don McCurdy of Florida. Great grandmother is Ruth McCurdy of Traverse City.

Bob and Fay Bovee attended the retirement dinner on Monday evening for Reg Meridew, retiring secretary of Kiwanis International. The dinner was held at Roma Hall in Detroit and master of ceremonies was J.P. McCarthy of WJR. On behalf of the Kiwanis Foundation of Michigan, Bob presented Meridew a plaque in honor of his being named a Distinguished Kiwanian by the members of the Michigan District of Kiwanis. This represents money donated by the Michigan Kiwanis to the Foundation for use in the children's wards of three hospitals.

Co-Op Nursery

The fall season has been one full of activities for the Grayling Cooperative Nursery. We enjoyed a hayride at Camp AuSable in a wagon led by two very large Belgian Draft horses driven by the Camp Manager. There was an extensive tour over many acres of the 840 acre Camp. We saw a Fort used to house campers, other dormitory buildings, Schellenbarger Lake, even some deer who were in the woods watching us. At the end of our ride we were able to have our snack outdoors and pet many off the horses kept at the Camp. Camp AuSable was a lovely place to visit and we thank the Camp personnel for their hospitality.

Our second field trip in October took us to a totally different environment, that of the Army, when we visited M.A.T.E.S., behind the National Guard Airfield, where all track and wheel vehicles belonging to the military camp are maintained. On this trip we had an insiders look at Army tanks, personnel carriers, and jeeps. We had a look at the huge engines inside the vehicles and learned about the care and repair of all the vehicles. We were also allowed inside the Communications Room where we saw all types of communications

devices that were in working order and also many that were there to be repaired. Sgt. Shearer did a fine job of explaining the role of M.A.T.E.S. and guiding us through many of its operations including showing us a tank doing maneuvers.

Our most recent field trip took place this month when we visited the Grayling Fire Dept. and received a thorough explanation of all the fire vehicles, emergency vehicle, and the Jaws of Life. We learned how the Volunteer Fire Dept. operates and were able to see and touch some of the clothing that the fire department personnel wear when fighting fires. At the end of our tour we received Smokey the Bear Badges, rulers, litter bags, and fire prevention information. Part of the fun of all our field trips is being able to take Dial-A-Ride to and from the places we visit.

This week we will be visiting McDonald's to see the inner workings of this busy restaurant. We are all looking forward to this and all of our future field trips.

If you have a three or four year old child and would like him to be able to have the benefit of the many and varied fun and learning experiences of the Grayling Co-Operative Nursery School contact Marilyn Rosi, Presi-

dent, 348-5189, as several enrollment openings are available. Our Tuition Assistance Program has also reopened, please contact Mrs. Rosi, if you are interested in more information. We hope we will be hearing from you!

Marian Matyn, daughter of Mr. and Mrs. George Matyn of Grayling, is a senior at Grayling High School this year. An honor student, Marian has taken advantage of the college-preparatory classes offered at the High School during her last three years. She also has participated in a range of extra-curricular activities, such as jazz and marching bands and the annual spring musical. Due to the cutbacks that resulted from the last millage defeat, this year has been different...

* The ADVANCED ENGLISH course was cut. I needed it to prepare for the advanced placement test in English next spring.

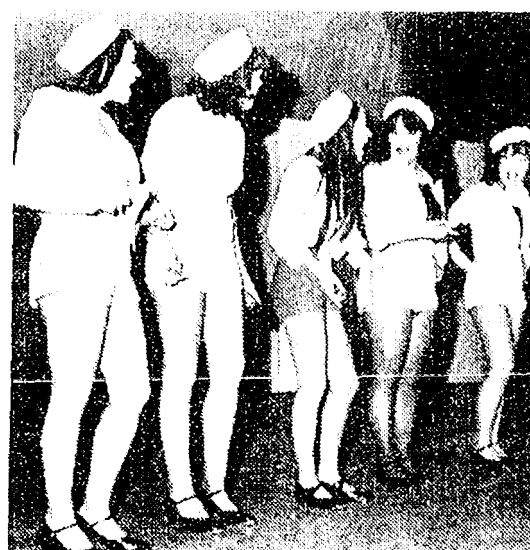

* ADVANCED MATH II was cut, too. What we have is five advanced students working independently in the back of the Advanced Math I class. I need more than that to understand the new concepts.

* I couldn't take PHYSIOLOGY because I couldn't fit it into a five-period day. I've been accepted by U. of M. I want to be a lab technician, and I'm afraid that I won't be well-prepared for the University classes.

* CLASSES ARE VERY CROWDED this year. And because they're longer (61 minutes), I think they're boring. I don't like going to school. I can sense a difference this year: there's noise, but it's not a happy noise. There doesn't seem to be the spirit there used to be. I wouldn't go to school this year if I didn't have to. And I used to love it." Marian Matyn.

Doodles From The Tall Timber

Wendell L. Hoover
Park Interpreter

What person, if honest, will not admit to having strange sensations when in a forest after dark? Familiar objects and otherwise familiar sounds take on totally different dimensions. For one reason or another, I have been in the Tall Timber when it was, as Grandpa used to say, "black as sin." Those nights were decidedly not as pleasant as those when a full moon speckled the forest floor with patches of light. Full-moon nights are pretty, even beautiful at times, but not as intriguing as a black, near quiet night when there are all sorts of unidentifiable whisperings, creakings, twig snappings, whumps and thumps.

One would think the forest devoid of life until you sit down, become quiet, and start to listen. That cut-short squeak might be a mouse ending up as a meal for a Horned Owl. Was that padding sound a footstep and, if so, whose? Were those twig snappings a deer or a time-weakened branch falling from a tree? That thump might have been a resident flying squirrel moving from one tree to another or maybe it was...? A coyote howling in the distance may add another touch of unreality to the night and on a memorable night a few years back a bobcat or a wild house cat screamed not far away which was enough to make our hair stand on end. If you are tired of TV-type excitement, just go sit in a dark forest without a light and listen to things that go whump in the night.

Bankrupt Schools May Be Subject To Receivership

Warren M. Hoyt, Executive Director, MPA

State officials are considering legislation that would allow the state to take bankrupt school districts under receivership.

With schools suffering financially due to lower state aid and voter rejection of millage rates, legislative leaders, the governor and the superintendent of public instruction have agreed to cooperate on the drafting of legislation for the receivership concept.

The same group, however, said the state will not simply bail out districts where voters refuse to approve millage proposals.

Superintendent of Public Instruction Philip Runkel said many details of the receivership bill are not yet resolved, but that legislators are "looking for something that will be very strong, that would be a total loss of local control."

The proposed legislation would take effect when a district has exhausted its election options and is in jeopardy of not providing the required 180 days of student instruction.

Runkel added, however, that the precise nature of what would trigger the receivership and whether the action would be initiated at the local or state level, is not resolved.

He said the legislation should be completed even if the districts - Alpena, Taylor and Harper Creek - currently in trouble resolve their problems.

Gene Ceaser, educational specialist for the House Democratic staff, also emphasized the severity of action taking the district under state receivership.

He said it would be a bare-bones curriculum, probably at half days,

with no busing, athletics or extras such as art or music.

Ceaser said the state would not run a district that was any better off than the worst of other districts.

We concluded the consequences would include dissolution of the local school board, the making of school employees temporary state employees and possible imposition by the Legislature of a non-property tax on school district residents.

Runkel said that following receivership, work would begin to gradually return a district to local control, beginning with millage and school board elections.

Another alternative under the proposal would be to simply dissolve the district and attach portions of it to various neighboring districts, but officials said the state would have to move very cautiously in that direction.

Meanwhile, Senator Kerry Kammer (D-Pontiac), chairman of the Senate Appropriations Subcommittee on School Aid, proposed a constitutional amendment to improve K-12 funding by setting aside 20 percent of the state budget for schools.

He said that would mean an immediate \$156 million increase in funding to local schools and at the end of five years, an additional \$879 million.

"We simply are not providing school districts with enough funds to operate basic, crucial programs," he said.

The Kammer proposal would have to receive a 2/3rds majority in both houses of the Legislature to qualify for the November, 1982, general election ballot. There, state voters would make a final determination.

Editor's Mailbox

Dear Deer Hunters,

Although the last two weeks of November constitute a pleasant social and recreational time for Michigan sportsmen, for those of us in the practice of Emergency Medicine, hunting season frequently means an abundance of life threatening injuries and medical problems. If you are planning to hunt this year, a few common sense precautions may greatly decrease the risk of our getting acquainted on a professional basis:

1) If you have heart disease, lung disease, or high blood pressure, check with your doctor before you leave home. It may be advisable to have your blood pressure checked or your doctor may recommend specific restrictions concerning activity.

2) Be particularly cautious to avoid over exertion, especially if you smoke, have heart or lung disease, are overweight, or have a job that does not require vigorous exercise.

3) If you plan to drink alcohol, do so AFTER you have finished hunting and driving for the day. Alcohol not only impairs your body's ability to deal with the stresses of exertion and exposure, but also impairs your judgement as a hunter (just as it does while you are driving).

4) Dress appropriately for the weather. Avoid over exposure and over insulation. Have extra clothing available. A "blanket in a bottle" doesn't count!

5) Make sure someone knows where you will be hunting and when to expect your return.

6) Follow the general guidelines of hunters safety. Be sure of your target!

7) Have pertinent medical information with you at all times. Your wallet is a good place to carry a card which lists:

- any medical problems
- medications (including dosage and how often you take them)
- allergies to medication
- doctor's name and phone number
- your home phone number

Should an emergency arise, saved minutes could mean a saved life!!

Good luck and good hunting.

Sincerely,
W.F. Parmley, M.D.

Turkey Tips

By Gail Edwards
Ext. Home Ec.

During the holiday season, turkey is very much a part of the traditional menu. Today, however, turkey is available year-round and is a good, economical source of high quality protein. To prepare turkey safely and successfully any time of the year, follow these tips:

Thawing: USDA Home and Garden Bulletin No. 110, "Poultry in Family Meals," lists three ways to thaw a frozen whole turkey safely: in the refrigerator, in cold water or at room temperature (70 degrees F or below) inside a closed brown paper bag. No matter which thawing method you use, leave the turkey in its original wrap.

If you have the time, thaw the bird in the refrigerator, allowing about 24 hours for each 5 pounds of turkey. Refrigerator thawing per-

mits the bird to thaw slowly. With slow thawing, juices remain in the tissues, helping the cooked meat to stay moist.

If you are in a hurry, thaw the turkey in cold water. Allow 1/2 hour for each pound of turkey. Change the water frequently.

Thawing a turkey inside a closed brown paper bag is acceptable if you follow the directions carefully and cook or refrigerate the turkey as soon as it is thawed. Because the possibility of mishandling the turkey is greater with the brown paper bag method than with refrigerator or cold water thawing, it is usually not recommended.

Storing the thawed turkey: Once thawed, the bird should be held in the refrigerator no more than one to two days before cooking. A fresh turkey keeps better in the refrigerator than a thawed one, because the drip from a thawed bird contains nutrients which spoilage organisms can use for growth.

Roasting: Roast turkey in a 325 degree oven. The best way to test doneness is with a meat thermometer. The temperature in the inner thigh should reach 180 to 185 degrees F. The temperature of the stuffing should reach at least 165 degrees F.

Turkey safety: Never stuff a turkey the night before cooking - stuffing is a good breeding ground for bacteria.

Never partially cook the bird one day and finish cooking it the next day. Spoilage bacteria can survive and grow in the partially cooked turkey.

Commercially frozen, stuffed turkey must not be thawed before roasting. Place the frozen turkey directly into the oven and follow cooking directions on the package.

When the meal is over, refrigerate it separately.

GREAT AMERICAN SMOKEOUT—Mercy Hospital smokers are urged by Duane Nimke to join him and pledge a day of freedom from cigarettes on November 19, as part of the American Cancer Society's fifth annual Great American Smokeout.

The campaign is aimed at getting pledges from smokers that they will try a day without cigarettes. Nimke was asked by American Cancer Society President Joann Olsen to sign a pledge card promising not to smoke for 24 hours.

"The idea makes good sense to me," Nimke said. "Most smokers are overwhelmed by the project of quitting outright. The American Cancer Society is creating an opportunity to try the quitting process for just one day at a time...as sort of a personal experiment."

HEY MOM, HOW COME GRANDPA DIED?

WHAT HAPPENS WHEN PEOPLE DIE?

Children experience death in many ways. When a pet dies, or perhaps a relative dies it's important to answer the child's questions directly and honestly, and not to say that the person went away or went to sleep. An indirect answer may cause children to become angry at the deceased for having gone away, or angry at God, or they may even be afraid of sleep. Hiding death from children is not helpful. Direct and honest answers mean saying that the person or pet has died and will no longer be part of our lives. It's helpful to tell the child that death is natural and that when we die our bodies don't feel anything. A child should be allowed to go to the funeral home, but never forced.

At the closing of the sale of the house, Bear gave the Fenns an autographed picture of himself next to a huge bear. "He told us that bear was only 20 feet away before he stopped him with an arrow," Darlene said.

The Fenns opened their new business Monday. They're open from 8 a.m. to 5 p.m. and weekend and evening appointments are available. Barry, a 1978 graduate of the University of Michigan Dental School, was in three years of private practice in Lapeer before moving to Grayling.

Barry has been visiting the Grayling area for 30 years. And, about a year ago, Barry and Darlene were married in a ceremony at his parent's cabin on the Manistee River. Barry's favorite past times are kayaking, cross-country skiing, and nature photography.

MILLTOWN

Performing Arts Group Formed for Local Schools

The defeat of the August millage increase request left many of the Crawford-AuSable Public School's programs - both curricular and co-curricular - without the funds essential to carry on their activities during the 1981-82 school year. Into the void created by this absence of dollars have stepped such organizations as the Grayling Youth Booster Club (to help fund the athletic program) and C.H.I.L.D. (Committee Hoping for Interim Library Dollars). A new member of these ranks is the Crawford County Arts Council, a group of interested students, parents, teachers, and citizens, who hope to encourage the visual and performing arts in the Grayling area.

The Arts Council members first came together in October, distressed at the fact that a substantial portion of the arts programs in the schools had been eliminated this year. Included in the cuts necessitated by the millage defeat are: Middle School and High School art classes; Middle School and High School vocal music classes; Elementary School vocal music teacher; Middle School marching band and concerts; High School marching band, jazz band, pep band, concerts, and festival participation; High School fall play, winter play, and spring musical; and the High School individual speaking events competition (forensics). In the face of these extensive cuts, they established their initial goal: to reinstate as many of the Crawford-AuSable Public Schools' arts programs as possible.

A first step in achieving this goal has already been taken: At its November meeting, the Board of Education approved the

Council's proposal for reinstating secondary level chorus, jazz band and concert band, and its accompanying proposal for a combination fall/winter play. Now that these two initial programs have been granted approval, the Arts Council faces the task of obtaining approval for other arts programs, such as art classes and forensics, and the more formidable job of generating the monies needed to fund its programs.

To achieve the latter, the Council is already engaging in money-making projects: The first of these projects - and hopefully the one which will generate the majority of its needed revenue - is a massive fruit sale, to be held on Saturday, November 21. Traditionally a Band project, the fruit sale this year is under the auspices of the entire Arts Council. Chairmen Carole and Larry Gust have already organized students and parents, who are now taking orders for fruit; but this Saturday will be the main sale, when students will mount a door-to-door campaign from 10:00 a.m. to 8:00 p.m. to take orders. Fruit being sold includes navel and juice oranges, ruby red and white grapefruit, and tangelos. Delivery or pick-up of the fruit will be on December 11 and 12, timed so that the fruit can be used as Christmas gifts.

A second project is the Silent Auction at the All-Sportsmen's Sale/Show, to be held at the Grayling Mini-Mall this Saturday, November 21. The show, organized by Claudia Elmasian-Delp, is donating all of its auction proceeds to the Arts Council.

The Crawford County Arts Council's officers are: Rosalia Matyn, President; Larry Goodale, Secretary;

Mark Hamilton, Treasurer; Bob Harrington and Robyn Jorgenson, Publicity. The Council hopes to increase both its membership and its revenues in the near future. Therefore, it would welcome, with appreciation, the interest and/or donations of community members. For information, call Grayling High School at 348-7641.

Commission

(Continued From Page 1)

lican party representative, because it came closest to achieving the one-man one-vote goal. He said the two guidelines given to the commission were drawing square configurations as much as possible for district lines and keeping as close to one-man one-vote equal representation as possible.

Larry Mattis, a Crawford County Commissioner attending the reapportionment meeting last Friday, said reducing the present seven-member board of county commissioners to five members would place a heavy burden on the five members. He said heaping all the responsibilities on five members would use up so much of their time it might push the board slowly to the point of having to have full-time commissioners. He said this was the problem five-member boards in Roscommon County and other nearby counties have.

Bernie Fowler, Grayling Township Supervisor, said he was concerned about reducing the number of commissioners to five because it would mean two persons could make decisions for the entire county. For a five-member board, three members could make a quorum and two members could make a majority.

Davis will be working on his five-member plan to try to reduce the difference in the number of persons in each district and the commission will meet again this Friday at 10 a.m.

Singers Group at Mt. Hope

Mt. Hope Lutheran Church has made arrangements for the "Celebrate Singers" to include Grayling on their nine month concert tour. The group is made up of 15 musicians who will present a one hour and 15 minute celebration.

The local committee headed by Rev. Dale Bond, the pastor at Mt. Hope, and including Irene Pettyjohn and Jane Springer, have spent weeks preparing for the event. Pastor Bond commented, "I truly hope everyone will join us. There will be no admission charge, although a freewill offering to help the Singers with their expenses will be taken. We have more than 250 seats and I'm sure that we can find room for even more. I feel that this will be a great experience for everyone."

The "Celebrate Singers" have been featured internationally on radio on the Lutheran Hour. The performance will be Monday, Nov. 23, 1981, at 7:00 p.m. at Mt. Hope Lutheran Church, located at 905 Old U.S. 27 North in Grayling.

Road Commission Minutes

October 9, 1981

A regular meeting of the Crawford County Road Commission was held in their office in Grayling. Chairman Cason presiding. Present were: Chairman Grover Cason, Commissioners Gloria Kraus and Norman F. Parker, Engineer-Manager John M. Keir and Acting-Secretary Joanne Turner.

The minutes of the previous meeting of September 25, 1981 and October 2, 1981 were read. Commissioner Kraus made a motion to accept the minutes with corrections, seconded by Commissioner Parker. All voted in favor, minutes approved.

Payroll Voucher Number 21 in the amount of \$19,503.19 and Materials Vouchers No. 528 through 576 in the amount of \$28,586.77 were presented to the Board for payment. Commissioner Parker made a motion to accept the vouchers for payment, seconded by Commissioner Kraus. All voted in favor, vouchers signed.

The Board reviewed and signed the preliminary plat map of White Pines Estates on Manistee River Road. Red Arrow Trail was discussed regarding the request to accept the road into the county road system. The Board determined that the road would have to be brought up to standards before the County would assume it. Engineer-Manager Keir was instructed to send a letter to the Red Arrow Trail Property Owners Association.

Several permits were presented to the Board for approval and signatures. They are as follows:

Frontier Exploration — laying portable seismic cable in Grayling, Lovells, South Branch and Beaver Creek Townships.

General Telephone — burying cable on Brush Road, Swiss & Skyline Roads, and Headquarters Road.

United Geophysical — placing seismic cable on Floeter Rd. All permits were approved and signed.

Engineer-Manager Keir informed the Board that one of the graders needs major repair work. He was instructed to get estimates on the cost of repair.

Prosecuting Attorney John Huss appeared before the Board with a request for abandonment of Dam Four Road. After much discussion the Board informed Prosecuting Attorney Huss that the County's policy is not to abandon any road leading to water and that possibly the Dept. of Natural Resources could be of help to the property owners problems.

RSVP Reports

By Sherry Haag,
Director

Welcome! Each week this column will try to keep you informed about the Retired Senior Volunteer Program.

We will cover national, state, and local RSVP activities.

In 1965, the Community Service Society of New York received a grant from the Administration on Aging to demonstrate the viability of a senior volunteer program. In 1967, Title VI, "National Older Americans Volunteer Program" was added to the Older American Act, giving legislative authorization for two significant programs: The Retired Senior Volunteer Program and the Foster Grandparent Program.

On July 1, 1971, RSVP (and the Foster Grandparent Program) were transferred to the then new federal agency for volunteer service, ACTION. It has been a colorful, productive ten years.

RSVP, together with other volunteer programs, has clearly demonstrated the capacities and potential for significant community service by people of retirement age.

Since 1971 when it began, RSVP has consistently and dramatically changed the way society and older people view each other. The program has shown that when you match the needs of a community with the experience and interests of seniors, then there are few problems that can't be solved, few challenges that RSVP can't meet.

There are 722 projects in all 50 states, District of Columbia, Puerto Rico, Virgin Islands and Guam, with 300,000 volunteers enrolled.

Michigan has 15 RSVP projects with ACTION headquarters in Detroit. In future columns we will discuss some of these projects and their activities.

Locally, RSVP is sponsored by the Crawford County Commission on Aging.

Presently, RSVP is conducting its annual mail campaign to raise the necessary local funds to help match federal grant funds provided.

Volunteers are needed for various activities. We are looking for retired teachers or anyone who would be interested in working with Youth Services in tutoring children at the Middle School after regularly scheduled class time.

Also volunteers to work with the SIBS for Kids Program. We have lots of other assignments available. So if you're interested in volunteering, please give a call or drop by the RSVP Office. 348-4341 or 348-8322.

Watch this column each week for news of RSVP.

WORN OUT SHOES

Many people get off to a good start in life. It is later that the rocks on the trail begin to bruise their feet. Soon they're stumbling along on bleeding soles — wondering why God doesn't smooth the road for them.

Spiritual renewal is God's answer to the rough roads of life. It is one more of the blessings that come to men through faithful religious worship.

The earnest church-goer cannot expect fewer rocks on the path ahead. Why then does he walk the trail with such a firm and steady gait?

Because no road is too rugged if we won't let our shoes wear out!

Devil's Night
Goes To
The Dogs

This past October 30, found a large number of Grayling area children not partaking in Devil's Night activities, but instead enjoying the Walt Disney movie, "One Hundred and One Dalmatians", at St. Francis Episcopal Church, M-72 West. Again, the generous nature of many people who live in this community helped make this event a success. The Crawford County Avalanche published news of the film allowing families to become aware of its showing. Mr. Rick Feby greeted parents and children and accepted donations for

the movie, while the St. Francis Youth Group, comprised of area teenagers, manned the popcorn and candy concession and did a wonderful clean up job afterward. The children happily munching popcorn and ate licorice donated by Bob Hannan and Mike Branch (formerly of The Nickelodeon). The popcorn was packaged in bags donated by the Grayling McDonald's.

Warren Reinhardt organized the movie and ran the projector which was borrowed from The Crawford County Library. After enjoying the movie the children received an additional treat when they each were given large yellow bags donated by Kathy Racozy, to be used to hold their Halloween treasures.

A special thanks to The Reverend Derik Roy, members of St. Francis Church, and all generous community oriented citizens, for their continuing support of the children and teenagers in Crawford County, and their hopes that enjoyable events such as this one will be repeated in the near future.

Jaycees Report
on Haunted House

The Grayling Jaycees wish to thank all of those who supported the recent Haunted House, co-sponsored by the Hanson Hills Recreation Authority. Special thanks goes to those local businesses and individuals who donated their effort and/or supplies to the effort.

Chairman Dave Wiltse reports that about 300 visited the annual event October 29-31. About 100 visitors took advantage of the FREE shuttle rides from Downtown to the Hanson Hills Ski Lodge, where the event has been held the last two years.

Dave and his Jaycee Haunted House crew hope that a Downtown location can be found for next year's "spooking." The viability of the Haunted House is dependent on the easy access to the House by local young people that a downtown location would provide. Anyone with suggestions, or who wants to help with the '82 Haunted House, can contact Dave Wiltse at 348-8658.

The Jaycees and Hanson Hills Recreation Authority thank those of you who didn't miss getting a good scare. The proceeds from this year's "House" will be used to help defray Hanson Hills' operating expenses.

Dress-A-Doll
Contest by B.P.W.

As in previous years the Business and Professional Women's Group of Grayling will sponsor a "Dress-A-Doll" Contest. Any type and size of dolls will be welcome.

All dolls to be entered in the contest should be taken to Mac's Rexall Drug Store where they will be displayed in the store window.

Judging for the best dressed and most original dolls will take place on December 15th and prizes will be awarded to the three top winners. First prize will be \$15.00, second prize \$10.00 and third prize \$5.00. The dolls donated will be included in the BPW's annual Christmas project and will be given as part of the Christmas package for deserving families.

Any age group may participate and hopefully, many young people will donate a doll and earn a little extra, Christmas money!

Thanks to Mac's Drug Store for their kindness in donating their window space!

Tourist Group
Adopts Record
Promotion
Campaign

Members of the East Michigan Tourist Association adopted a record \$333,000.00 program for 1982 promotion aimed at selling recreation and vacation travel to the East Michigan region.

The program was adopted by the membership at the tourist group's 71st annual convention in Grayling Oct. 28-29.

Highlighting the 1982 campaign will be an advertising blitz of northwestern Ohio coupled with television programming. EMTA will publicize all the festivals and events throughout the year that attract tourists and will attend seven travel shows in Michigan, Ohio, Indiana and Illinois. A new publications program will feature an 80-page "Recreation Guidebook" for sports-minded people and a 128-page "Vacation Guidebook" for vacation planning families and groups. EMTA will print and distribute 350,000 pieces of literature in 1982.

Program goal is to reach 200,000 families and groups with a direct message to vacation and travel in the East Michigan region which runs from the Lansing-Flint line north to Mackinaw City, including the Thumb area and over 400 miles of Lake Huron shoreline.

Out of the overall budget, a total of \$202,000.00 will be spent in direct promotional activity. The budget includes \$16,500 anticipated from county commissions, \$155,000 program grant from the Michigan Travel Bureau with the balance provided by private businessmen and women. EMTA staff members Gary Marshall and Jim Vercruysse will head the EMTA sales team during the year.
